

STUDENT SCREENING

Screen your child for the following symptoms daily before they leave for school. Follow the directions below if your child displays symptoms or has been exposed.

- 1. Temperature 100.4 degrees Fahrenheit or higher
- 2. Sore throat
- 3. New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- 4. Diarrhea, vomiting or abdominal pain
- 5. New onset of severe headache, especially with a fever

Close Contact/Potential Exposure

In the past 14 days, has your child:

- 1. Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19: OR
- 2. Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person under quarantine for possible exposure to COVID-19; OR
- 3. Had a travel history

If the answer is YES to any of the symptom questions, keep your child(ren) home from school.

If the answer is YES to any symptoms question and YES to any close contact/potential exposure question, call the school as soon as possible to let them know the reason your child(ren) won't be there today. Call your healthcare provider right away. If you don't have one or cannot be seen, go to www.mi.gov/coronavirustest or call 2-1-1 to find a location to have your child(ren) tested for COVID-19.

If the answer is YES to any of the symptom questions, but NO to any close contact/potential exposure questions, your student may return based on the guidance for their symptoms:

- Fever: at least 24 hours have passed with no fever, without the use of fever-reducing medications
- Sore throat: improvement (if strep throat: do not return until at least 2 doses of antibiotic have been taken)
- Cough/Shortness of breath: Improvement
- Diarrhea, vomiting abdominal pain: no diarrhea or vomiting for 24 hours
- Severe headache: Improvement
